Dear Eyal,

Words cannot express the depth of our gratitude and appreciation for the way you turned something that began for us with a heavy heart and no solution in sight into a routine process that was completed quickly and efficiently, with every party involved extremely satisfied.

Thanks to your **uncompromising integrity**, your **outstanding professionalism**, your **vast experience**, which came through clearly every time you had to analyze the situation for us, and your **endless patience**, we managed to find a replacement tenant for the apartment whose lease we ended earlier than planned!

At our very first meeting, we were amazed at how quickly you grasped all the qualities of the apartment on the one hand, and the complexity of the agreement between those who wished to rent it in our place and the owners on the other. We were also surprised by how little time it took you to find suitable tenants, while **with a master's touch** you bridged the complex negotiations between the owners, with their requirements for protecting the property they own, and the tenants, with their concerns and reservations about the agreement.

May there be many more like you around here!!!

Once again, our great thanks and appreciation for the perfect help we were fortunate to receive from you,

Hava and Gil Weiner
